U.S. DISTRICT COURT
SOUTHERN DISTRICT OF INDIANA
Roger A.G. Sharpe, Clerk

I, Terrance Aiden, HEREBY CERTIFY and DECLARE:
Terrance Aiden

1. I Terrance Aiden, currently reside at USP Terre Haute, Indiana, by means of lawful custody of the Bureau of Prisons ("BOP"), by and through the warden of USP Terre Haute.
2. The sentence imposed was 125 years, for bank robberies while armed.
3. It should be stated that to date I have served 43 years absent any release, further, until 12/20, I had no disciplinary reports on record since 1992.
4. Back in 1980-81, I was investigated for the murder of a Moonish Science, disciple. Notably the Captain at USP Marion, had a "usual suspects" policy which included the same 20-25 people locked-up for every incident which occurred, including escape plots and serious acts of violence.
5. I was cleared by the SIS staff and the FBI of any involvement in the death after plus 90 days in the hole as usual.
6. I was in USP Lewisburg, in 1993, the associate warden, Don Romner, was at Lewisburg and he was part of the Marion staff involving "usual suspects" lock-ups.
7. IN 1993, I was locked-up for investigation of the strangulation murder of Reggie Rudd, a Moonish Science disciple, from D.C. area.

8. Notably Kenny Johnson, and Pete Mocklin, both former Marion prisoners with serious escape histories, were also locked-up, again the "usual suspects" were investigated for 90 days or so.
9. I was in fact cleared by FBI and SIS of any involvement in the murder of Rudd.
10. However, among prisoners (black) mostly D.C. once you have been accused of something you are guilty but "you beat the case".
11. I have at other prison locations with staff reviewed my case files, and there are "no unsolved bodies" in my files as Ms. French, as case manager is charged with knowing.
12. Further, Ms. French and I had just had a meeting in order to discuss a possible transfer to FCI, to a diff program.
13. Ms. French, stated flatly she would not consider transfer to a lesser custody facility for some time yet, and she admitted some case managers might be willing to do so she was not.
14. Ms. French, has made willfully false statements on two disciplinary reports and the guilty findings failed to address documentary evidence i.e., bedbook logs for challenge unit and the daily assignment sheets, these papers refute completely any refusal to accept cell mates.
15. I have never refused to accept any cell mate at USP Terre Haute, however, given fact that I will not willingly go to sleep with anyone in the cell, the cell partners' willingness to share a cell with me soon diminishes and they feel uncomfortable.
16. I have requested a complete set of date stamped and codified files which I have presented to the court, reason during shake downs I stand a good chance of maintaining court stamped documents.

17. The Jan. 2, 2020, lock-up order occurred within (2) two days more or less of the return of the tort claim papers to the institution. These papers have a date stamp signature which verified Aiden's signature and the provisions of Houston v. Lack, were enabled by the presence of the signatory's date stamp.
18. Today is 9/23/20, today none of Aiden's legal files have been recovered or they have not been turned over to Aiden, to review, or enable the prosecution of the second tort claim filed [#]01797, which occurred 5/11/18, during black-out period in cell [#]209 of F-2 Cellblock.

I, Terrance Aiden, do HEREBY CERTIFY and ATTEST: that all of the
